Welcome to Agra!

Your trusted guide to authentic handicrafts and fair prices

Our Mission: Stop Tourist Exploitation

We're Saad and Saami, brothers from Agra who saw tourists getting overcharged 300-500% for handicrafts. As an IIT student and AI expert, we created Nayrana Handicrafts to offer authentic products at honest prices with hotel delivery.

Why Tourists Choose Nayrana Handicrafts

Transparent Pricing

No haggling, no hidden costs. Our prices are 60-80% lower than tourist shops because we work directly with artisans.

Tourist Traps to Avoid

⚠️ Common Scams Near Taj Mahal

Don't fall for these tricks that cost tourists thousands!

The "Government Emporium" Scam

What they say: "This is a government-approved shop with fixed prices."

The reality: These are private shops with inflated prices. Real government emporia don't have pushy salespeople.

How to spot it: If someone approaches you or your guide insists on taking you there, it's a scam.

Nayrana Difference: We're actually GSTIN verified with proper government documentation. Ask to see our certificates!

The "Factory Visit" Trap

What they say: "Come see how marble inlay work is made. No obligation to buy."

The reality: High-pressure sales environment with prices 400-500% above market rate.

How to spot it: Free factory tours, especially when suggested by guides or taxi drivers.

Nayrana Difference: We bring authentic items to you. No pressure, no factory visits needed.

The "Precious Stone" Markup

What they claim: "This has real precious stones - that's why it's expensive."

The reality: Most tourist items use semi-precious stones worth much less than claimed.

How to spot it: Astronomical prices justified by "precious materials."

💡 **Nayrana Difference:** We're transparent about materials. Semi-precious stones, real marble, honest pricing.
